Hi;

I'm back, well not really. This paper is being put together and mailed from South Carolina. We are here doing a craft show we have enjoyed for some years.

We expect to be back in Florida or at least Georgia (Albany, the town that got flooded so bad, where two of our sons and families live) by the time you get this paper.

My personal THANKS to Maggi for giving me a break from the paper while we traveled in our motor home. Maggi is always going the extra mile to help out with any and everything that needs done in FAB A. Thanks again Maggi.

I do not have any more maps with me and the only one I was sent is enclosed. Please bring maps and other info to the conference so I will have more info for the next paper which I may be forced to put together in the motor home again possibly even from Albany.

NOTE !!! my new address; P.O.Box 888 Homosassa Fl. 34487-0888

We sold our house in Homosassa. I am still Vice Pres of Camp & Water campground, at Homosassa, where we spend a good bit of time. Since we are in the motor home, for the moment, we seem to be going to Albany quite often to see our new grand daughter Kaitlyn and two other grand children Mandy & Jodie.

Looking forward to see everyone at BARBERVILLE at the CONFERENCE

Be sure to bring want ads and news items to me at the Conference

Happy Hammering,

Ralph
